

# 19th INTERNATIONAL CONFERENCE ON EXPERIMENTAL MECHANICS

Kraków, Poland, July 5-9, 2020

## CALL for Papers!

## Special Session

on

## Rock and Soil Mechanics

This session focuses on advances in experimental rock and soil mechanics. Special emphasis will be placed on the application of non-conventional experimental methods that can describe natural or lab-induced deformation processes within the tested materials, yielding experimental results that may advance existing constitutive models.

**Abstract Deadline: November 30, 2019**

**Abstract Submission : <https://icem19.org>**

**For more information contact:**

**Dr Elli-Maria Charalampidou**

Assistant Professor

Head of the Soil and Rock Mechanics Technical Committee of the European Society for Experimental Mechanics (EuraSEM)

Institute of Geoenergy Engineering,

School of Energy, Geoscience, Infrastructure and Society

Heriot-Watt University

Email: [e.charalampidou@hw.ac.uk](mailto:e.charalampidou@hw.ac.uk).

**Dr Sadegh Nadimi**

Lecturer

School of Engineering

Newcastle University

Email: [sadegh.nadimi-shahraki@ncl.ac.uk](mailto:sadegh.nadimi-shahraki@ncl.ac.uk)
